MICRON PLATERS: QUALITY AND QUANTITY ON TIME

We are one of the leading manufacturers and exporters of a wide range of inorganic and metal chemicals such as Silver Nitrate, Silver oxide, Silver Iodide, Silver Sulphate, Zinc Sulphate Hepta, Copper Sulphate etc.

Our success stands tall on our ability of supplying salubrious quantities in shortest time, without compromising on quality. Our motto of "Quality and Quantity on Time" was established since the inception of our partnership firm in 1967.

We contract unequivocally with our global clients in Europe, USA and Africa as we do with our Indian patrons. Some of our strong trade affiliations are with various Chamber of Commerce.

To ensure high purity and stable performance we combine the best quality materials and innovative techniques. Our clients partner with us for our product quality, timely delivery and above all, complete operational transparency. As we believe in developing a long, prosperous business associations with our clients, our prime focus has always been customer satisfaction.

RECYCLE AND REFINES :

We are India's **premier** close loop recycling processors. Through our distinctive manufacturing process we extract and recycle the deactivated catalyst into purified active catalyst.

Why work with us?

- Our experience dates back 50 years since our inception in 1967.
- Our strong process guarantees maximum metal yield.
- We operate with **transparent** systems of material cataloging, assessment and data flow.

Hence our clients enjoy

- Higher metal extract.
- Substantial cost benefits.
- Absolute information of their produce.

We build our heritage by building our clients' faith in us.

The dynamic young leadership at Micron are committed to utilising contemporary techniques to accommodate all your needs.
